THE GREATEST COMMANDMENT

*by Vicki Shuck, Esperanza Arts*

*"I am glad that Jesus' way of getting around the questions of those trying to trick him into incriminating himself ends up bringing fresh light and clarity. He talks to me about my self-centered concern about whether or not I am "getting every little thing right". His answer to the scribes tells me that as I focus on the essence of the commandments - love of God, neighbor, and self, in that order - my concern turns outward, resulting in right relationship with God, others, and myself. " ~ Vicki*
